

The 3rd International Home Care Congress

9-12 November 2021

Istanbul, Turkey

Dear Participants,

It is a great honor and privilege to invite you to attend “The 3rd International Home Care Congress”, which will be organized online in Istanbul Kent University School of Nursing in Istanbul, Turkey, 9-12 November, 2021, which will be organized in collaboration with University of Primorska Faculty of Health Science (Slovenia) and Home Care Association (Turkey).

The result of all the developments in health and technology, people can now live longer than ever. Home care is important for serving the greater needs of these individuals to allow them to remain active and independent in their own homes and communities. We believe this is a fundamental right of all people.

We would like to invite you to this Congress to share opinions, experiences, ideas and promote international dialogue and opportunities in home care. The congress will be a great opportunity for exchanging knowledge on research results of different health care fields from all over the world.

The knowledge and experience you bring to this Congress will improve patient care at home. To improve patient care, teamwork is inevitable. This congress will provide the opportunity to share multidisciplinary experiences, ideas and research results about home care. So we would like to see nurses, doctors, physiotherapist, social workers and the other team members in this congress. Thank you for your consideration of this invitation and I hope to see you here and work together with you. The Organization Committee looks forward to welcoming you to Istanbul in 9-12 November, 2021.
